

CRAFT STUDIO AVAILABLE

New Brewery Arts

CIRENCESTER

Expand Your Craft Businesses

We have availability for a craft based business to take on a publicly facing studio at New Brewery Arts. As a charity with a craft focus we are looking for somebody who shares our passion for the hand-made.

We are NOT accepting applications from those working solely in fine art (i.e. painting and drawing). A craft basis to your work is an essential requirement. If you are in doubt about your eligibility, please contact us to discuss your practice before applying.

We are especially keen to meet with craftspeople who

- have a heritage based craft practice
- consider the environmental impact of their craft
- Have a socially engaged making practice

At New Brewery Arts we are looking for people who reflect the diversity of our communities to help us work in new ways and become more relevant to the diversity of people and communities we serve. This is not present in our current makers, so we particularly encourage applications from people with diverse backgrounds and life experience.

what's included

- Sink with hot and cold water
- WiFi
- Waste / bins
- Wall-mounted electric heater
- Fire safety equipment
- 24 hour access
- Discounts across New Brewery Arts
- Options to apply for studio subsidy up to 20%

what's not included

- VAT
- Insurance including Public Liability Insurance
- Electricity use
- Additional studio improvements needed for your particular practice i.e. additional lighting, ventilation or extraction.
- Onsite parking
- External signage

what else

- Studio fees are paid by Direct Debit
- Space-shares will be considered

studio 10

194 sq ft / 18 meters sq
£15 per sq ft (£2910 per year) + VAT
up to 20% subsidy available on application

second floor

Available immediately

Tucked away quietly on our second floor, studio 10 has recently been used as our office. But in order to support more craftspeople we've relocated. In the past studio 10 has been a jewellery studio and a weaving studio.

studio 4

357 sq ft / 33 meters sq
£20 per sq ft (£7,140 per year) + VAT
up to 20% subsidy available on application

ground floor front courtyard

Available from TBC

Currently used as a participation classroom we are exploring alternative uses for studio 4 and welcome informal discussions with craftspeople and makers about taking this space on.

As a large studio, facing on to the main public thoroughfare, this studio would suit full-time occupancy, and could be shared between makers to create a vibrant workspace.
